This would go to Region 6 as they are the owners of the TAGA data. That said I believe that the Region has publically posted all the TAGA data.

Apparently, this should go to ERT.. Who handles the responses for ERT, or does this go to Region 6. See comments below.

This request asks for Trace Atmospheric Gas Analyzer (TAGA) air monitoring data. The TAGA is run by the Office of Superfund Remediation and Technology Innovation (OSRTI) Environmental Response Team. Please reassign this FOIA to OSRTI.

This FOIA is being transferred to OLEM for action since their office is handling the response in relation to Hurricane Harvey. Please "task" OAR for coordination if necessary. Thanks
